

## **February half term homework**

**This half term you have:**

- \* Eisteddfod activities (to be handed in Monday 4<sup>th</sup> March)**
- \* family Growth Mindset challenge (to be handed in by Wednesday 6<sup>th</sup> March)**
- \* oracy presentation (to be completed by Wednesday 13<sup>th</sup> March)**

### **Oracy presentation**

Your project for half term is to prepare a presentation linked to our topic 'Frozen Kingdom.' You can choose any part to research and present. You always have more imaginative ideas than me (!), but some ideas could include:

- \* a famous polar explorer
- \* polar animals (or adaptation)
- \* climate change
- \* polar clothing
- \* polar survival techniques
- \* living in polar regions

Your presentation should be no longer than 5 minutes. You may choose to use Powerpoint, or bring in something that you have made – it is up to you!

#### **Useful presentation tips:**

- \* research your topic thoroughly – you need to be able to answer questions that your friends might ask you!
- \* make a mind map / concept map of your ideas
- \* write your ideas or key words on small pieces of card to help you
- \* if you are using a powerpoint, just write key words or use images – don't write lots of sentences and then read off the screen!
- \* use props, music, images to make the presentation interesting
- \* think about how you can get the audience involved, so that they aren't just sitting and listening for the whole 5 minutes
